RE: Signature Healthcare- Westborough Behavioral Health Facility
85,600 Sq. Ft. – Medical Facility

Dear Joe,

I would like to take this opportunity to thank you and your team at Sagamore for a job well done at the Signature Healthcare Facility in Westborough, Massachusetts. It was nice to witness your team's commitment and dedication to schedule and the end goal resulting in turning the project over on schedule to a happy customer.

Your team excelled on both disciplines, plumbing lead by your foreman Tom Hopkins as well as the mechanical team lead by Marc Corey. They were both instrumental in keeping pace with the project and had great attention detail. Their skills and resources were essential to the success of this project.

I look forward to partnering with Sagamore on future projects and would be pleased to recommend the Sagamore Team for similar projects.

Sincerely,

Karl Dickman
General Manager, Campanelli Construction
